Many battle scenes with brutal gunshots, slashings, and stabbings. Countless men are shot in the head and chest, and almost every time there is a spray of blood. Martin kills many soldiers with his tomahawk (blood occasionally shown). After soldiers kill his son, Martin repeatedly hacks the dead corpse of a British soldier, at least a dozen times.

The Battle of Camden, also known as the Battle of Camden Court House, was a major victory for the British in the Southern theater of the American Revolutionary War. After nearly an hour of frenzied, bloody combat, the British army emerged victoriously, and American morale plummeted to its lowest point of the war. The rout at Camden was not a total loss, however-as Patriot forces eventually came away with a renewed determination to resist British advances, and the lessons from the defeat were applied to secure future victories that finally allowed the Patriots to triumph in the South. This book presents the Battle of Camden as never before: through the words of American and British participants and contemporary observers. The events leading up to the conflict, the combat itself, and the consequences of Camden are all described in striking detail. The cunning strategies of both American Major General Horatio Gates and British Lieutenant-General Lord Cornwallis are revealed, as are several battlefield reports from soldiers on both

sides.

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

File Type PDF The Patriot Viewing Guide

This book is designed to equip the Christian Patriot to expose the evils of Islam. It examines the challenges, charts out a strategy, formulates the winning arguments, and is packed with damning evidence against Islam.

Every American over the age of fifteen needs to read this book! the Constitution of the United States is the most important political document in the history of the human race. it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us. Very few Americans Understand The Constitution, which is why our government has been able to trample and discard it with little or no protest. The Patriot's Guide to Taking America Back explains in simple, clear language exactly how far we have moved from the Constitution and why America faces so many problems today, most of which have been caused by our government. The Patriot's Guide offers a plan by which Americans may take America back To The Constitution – and regain the sacred freedoms we seem to be willing to throw away. If you think something is terribly wrong in America today, you're right. The Patriot's Guide will help you Understand The problem And The solution.

The truth about the American Revolution is under attack. Despite what you may have learned in school, it wasn't a rich slaveholder's war fought to "maintain white privilege." In fact, the War of Independence wasn't about maintaining any status quo—it was the world's first successful bottom-up revolution by the people,

File Type PDF The Patriot Viewing Guide

ushering in a new dawn of liberty that history had never seen before. But with left-wingers dominating the teaching of history, where can you go for the true story of the unprecedented events that made the United States the world's greatest nation? Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground-breaking patriotic history you've always wanted to read about the foundation of our unique nation. The Politically Incorrect Guide to the American Revolution reveals: Four key factors that applied only in America, making it impossible to replicate the Revolution anywhere else Why it matters that the Patriot fighting force was overwhelmingly Scotch-Irish The key role of Protestantism: which denominations tended to become Patriots, and which Tories How Americans were different from the Europeans and English even at the outset of the Revolution How the casualties of the deadliest war in American history are routinely underreported How our Revolution became a model for hundreds of others—that all failed Schweikart and Dougherty take on the left-wing myths—starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous *A People's History of the United States*—and uncover the truth about America's beginning.

A Patriots Guide to Right-Wing Thinking takes the lies of the radical right, adds some hypocrisy, sprinkles in some ad homonym attacks and justifications, mixes them around, and throws them out for all to see. The book mocks the right by using their logical fallacies against them. It is the answer to all the right-wing books

File Type PDF The Patriot Viewing Guide

condemning liberals. While the right tells us that they are working for the American people, the truth is that they are working for themselves and their wealthy cronies. They use lies and tall tales to convince the American people that they care for them. I turn around the lies conservatives use to manipulate the American people to point out the true agenda of the radical right. This book explains the problems Neocons create for average Americans, and it will come as a relief to those that fight against them. A Patriots Guide to Right-Wing Thinking (160 pp, \$12.00) is the book that all liberals in America need to give to their conservative families, friends, and co-workers.
