The Polish crisis of 1980-1981, associated with the emergence of the Solidarity mass movement in Poland, challenged the Soviet Union's control over its satellite states in the Eastern Bloc. For the first time however, the Kremlin abstained from military intervention, unlike on previous occasions such as the Prague Spring of 1968 and the Hungarian Revolution of 1956, and thus left the Polish leadership under General Wojciech Jaruzelski to impose martial law to deal with the opposition on ...

Soviet reaction to the Polish crisis of 1980-1981 - Wikipedia

However, it took over three decades of civil resistance—waged over time with varying tactics and degrees of intensity—for Polish society to begin organizing and consolidating itself in a broad coalition of social forces that climaxed in the establishment of the Solidarność ("Solidarity") as an organization and a movement in August 1980. Solidarity, with its roots in trade unionism, shook and delegitimized the communist regime by exposing its ideological but false claims of being a ...

Poland's Solidarity Movement (1980-1989) | ICNC

Solidarity is a trade union founded in August–September 1980 at the Lenin Shipyard in Gdańsk, Poland. Subsequently, it was the first independent union in a Warsaw Pact country to be recognised by the state. The union's membership peaked at 10 million in September 1981, representing one-third of the country's working-age population. Solidarity's leader, Lech Wałęsa was awarded the Nobel Peace Prize in 1983 and the union is widely recognised as having played a central role in the end of ...

Solidarity (Polish trade union) - Wikipedia

Solidarity, Polish Solidarność, officially Independent Self-Governing Trade Union "Solidarity" or Polish Niezależny Samorządny Związek Zawodowy "Solidarność", Polish trade union that in the early 1980s became the first independent labour union in a country belonging to the Soviet bloc. Solidarity was founded in September 1980, was forcibly suppressed by the Polish government in December 1981, and reemerged in 1989 to become the first opposition movement to participate in free ...

Poland: Solidarity Union Establishes Offices As Thousands Of Poles Come To Seek Advice Over Labour Conditions. (1980) In Poland, Poland, plainclothes police searched the Warsaw headquarters of the independent trade union, Solidarity, on Wednesday (19 November) and seized a classified government document on policy towards dissidents.

In 1980, workers in Gdansk won from their communist rulers the right to form independent trade unions.

In this eyewitness account, Ash describes the defiance of the strikers, the emergence of Lech Walesa and the declaration of martial law.

Jack M. Bloom presents a moving account of how an opposition developed and triumphed in communist Poland, showing the perspectives and experiences of the participants, while often letting them recount their own stories and explain their thinking.

This book is not only an explanation of the political dynamic that led to the Polish "revolution" and the birth of Solidarity in 1980 and 1981 but an extremely important analysis of postwar East Central Europe. Although intimately involved with various aspects of Solidarity's activities, Jadwiga Staniszkis maintains a detached and critical attitude toward the movement. Dr. Saniszkis was one of seven advisers allowed in the Gdańsk shipyard during the strikes of August 1980, negotiating on behalf of the workers. Offering interpretations of events made virtually as they were occurring, she is still able to weave these interpretations into an analytic scheme that is clearly the work of a profound and original sociologist. The author demonstrates how the authoritarian regime of Poland succeeded in incorporating and, as it were, domesticating developments that would be seen by a less astute observer (or by a traditional social scientist) as disruptive or threatening to the system's stability. Moving beyond analyses derived from totalitarian and interest group models for the study of "socialist" societies, she attempts to understand present-day Poland as a corporatist society. A sociologist of organizations, she clarifies the intricate system of mechanisms that compensates for the irrationalities produced by the ideological restrictions of Polish society. Sensitive to the symbolic manipulation in social control, she analyzes such phenomena as simulation of interest group representation and ritualization of the periodic crises of the regime. This work is a major contribution to our understanding of the so-called people's democracies. Jadwiga Staniszkis received her Ph.D. and habilitation (Docent) in sociology at the University of Warsaw. Her dissertation, "Pathologies of Organizational Structure," won the Polish Sociological Association Prize in 1976. Dr. Staniszkis visited the United States twice, as the fellow of the American Council of Learned Societies and as a recipient of the Eisenhower Fellowship, Jan T. Gross is the author of Polish Society under German Occupation (Princeton). Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Twenty five interviews with workers and intellectual allies of Solidarity.

In the 1980s and 90s, renowned Polish economist Tadeusz Kowalik played a leading role in the Solidarity movement, struggling alongside workers for an alternative to "really-existing socialism" that was cooperative and controlled by the workers themselves. In the ensuing two decades, "really-existing" socialism has collapsed, capitalism has been restored, and Poland is now among the most unequal countries in the world. Kowalik asks, how could this happen in a country that once had the largest and most militant labor movement in Europe? This book takes readers inside the debates within Solidar.

As the most populous country in Eastern Europe as well as the birthplace of the largest anticommunist dissident movement, Poland is crucial in understanding the end of the Cold War. During the 1980s, both the United States and the Soviet Union vied for influence over Poland's politically tumultuous steps toward democratic revolution. In this groundbreaking history, Gregory F. Domber examines American policy toward Poland and its promotion of moderate voices within the opposition, while simultaneously addressing the Soviet and European influences on Poland's revolution in 1989. With a cast including Reagan, Gorbachev, and Pope John Paul II, Domber charts American support of anticommunist opposition groups—particularly Solidarity, the underground movement led by future president Lech Wał322.&281.sa—and highlights the transnational network of Polish emigres and trade unionists that kept the opposition alive. Utilizing archival research and interviews with Polish and American government officials and opposition leaders, Domber argues that the United States empowered a specific segment of the Polish opposition and illustrates how Soviet leaders unwittingly fostered radical, pro-democratic change through their policies. The result is fresh insight into the global impact of the Polish pro-democracy movement.

Examines the 1980 Solidarity revolution in Poland, the government's subsequent establishment of martial law in response, in 1981, and the eventual transition to democracy in 1989.

What has happened in Poland? Poland has erupted four times in the last twenty five years, but only the events of 1980 have had comprehensive media coverage. As a result, many questions have been raised in the minds of Western observers. How were such changes possible? What forces lay behind them? In what way did the workers' strike relate to the demands for political democracy? Although a colourful and vivid eye-witness account of the 1980 upheavals, it is to these questions that Neal Ascherson's brilliant and thoughtful analysis mainly addresses itself. Viewing the situation in perspective, he argues that the Polish working class has brought about a controlled revolution, but is not intent on taking power for itself: the real heirs to the gains of 1980 and 1981 are likely to be the intelligentsia, in or out of the Communist Party. It is this social and political ferment that poses fundamental questions about the future of the whole Soviet system in Eastern Europe.
