Zogby examines time through many different filters, namely physics, biology, psychology and personal experience.

The Power of Time Perception: Control the Speed of Time to ...

The Power of Time Perception: Control the Speed of Time to Make Every Second Count by Jean Paul Zogby is an extremely thought-provoking and, in some ways, startling book about the fundamental nature and reality of time. Time is something most of us take for granted, not only in our daily lives, but as a fact that exists.

The Power of Time Perception: Control the Speed of Time to ...

The Power of Perception: Thinking Makes It So [there is nothing either good or bad, but thinking makes it so.] - William Shakespeare, Hamlet. This fable of the farmer is confusing at first. It clashes with the common belief that life's events carry intrinsic meaning. Most people think of events in this way.
