to the heart of successful project management. Project management is not complicated - many projects may be complicated, but project management itself is not. By following a set of simple rules and applying simple techniques, there will be no need for the expensive project failures that we often see. Moreover, as this book shows, projects can be significantly shortened by again using simple ideas and techniques. Anyone who manages projects will find this book helps them to save time, effort, resources, and money.

If it's essential to project management... it's in here! The first edition of The Project Management Answer Book addressed all the key principles of project management that every
