The Scent of Rain & Lightning (2017) - Full Cast & Crew - IMDb We 've all stepped out on the first rainy day following a dry spell to deeply inhale the wonderful parfum de pluie, the scent of rain, called petrichor. Petrichor. The smell of rain—called petrichor—is generated from a combination of volatile plant oils and geosmin, a soil dwelling bacteria released with the contact of rain water and air flow. Petrichor has an earthy, pleasant odor that arises from the meeting of rain and terrain, especially when following a warm, dry period.

Petrichor - the Smell of Rain | GardensAll Soil and water being splashed by a raindrop Petrichor (/ p tr k r /) is the earthy scent produced when rain falls on dry soil. The word is constructed from Greek petra ( ), "rock", or petros ( ), "stone", and ch r ( ), the fluid that flows in the veins of the gods in Greek mythology.

Books similar to The Scent of Rain and Lightning BlackHawk shares a live acoustic version of their classic hit " I Sure Can Smell the Rain " from their upcoming album 'Just About Right: Live From Atlanta,' releasing Nov. 13.

Written with the wisdom and grace readers have come to expect from the award-winning author of "The Virgin of Small Plains," this brilliantly moving tale is one of family, murder, and redemptive love.

Rose Madsen is running away from her Fundamentalist Mormon community. Adan Reyes is running away from his abusive foster home. The two teens meet and escape to the mountains, but once they are discovered, they must decide if some adults are worth trusting.

Smell is the most emotional and evocative of our senses: it can bring back memories faster and with more immediacy than a photograph — so why is it so little understood? Armed with a hungry curiosity and a willingness to self-experiment, author Barney Shaw goes in search of the hidden meanings of smells. Using plain words to describe what he finds, he investigates the chemistry, psychology, history and future of this underappreciated sense. Journeying around boatyards, perfume shops and memories, Shaw opens your nose to the world, breaking down " chords " of smells into their component notes and through them revealing new ways of understanding the spaces through which we move. An investigation into the biology, psychology and history of smell, and a search for effective ways to put into words scents that we instantly relate to, but find strangely ineffable, THE SMELL OF FRESH RAIN includes a 200-entry thesaurus of succinct descriptions of common smells.

Could it be that the life Daphne's always wanted is right under her nose? Daphne Sweeten left Paris—and a job she loved—to marry the man of her dreams in the U.S. But when he stands her up on their wedding day, she's left reeling and senseless. Literally. She's been trained as a perfume creator and now her sense of smell has disappeared along with her fiancé. She has to figure out why her nose isn't working, fix it, and get back to Paris. Meanwhile, she'll rely on her chemistry skills and just hope her new boss at Gibraltar Products, Jesse, doesn't notice her failing senses. They'll be working together on household fragrances, not posh perfumes. How hard can it be? As Daphne and Jesse work on a signature scent for their new line, she feels God at work as never before. And the promise of what's possible is as fresh as the scent of rain. " Witty and upbeat " —Library Journal

Erica Bauermeister, the national bestselling author of The School of Essential Ingredients, presents a moving and evocative coming-of-age novel about childhood stories, families lost and found, and how a fragrance conjures memories capable of shaping the course of our lives. Emmeline lives an enchanted childhood on a remote island with her father, who teaches her about the natural world through her senses. What he won 't explain are the mysterious scents stored in the drawers that line the walls of their cabin, or the origin of the machine that creates them. As Emmeline grows, however, so too does her curiosity, until one day the unforeseen happens, and Emmeline is vaulted out into the real world—a place of love, betrayal, ambition, and revenge. To understand her past, Emmeline must unlock the clues to her identity, a quest that challenges the limits of her heart and imagination. Lyrical and immersive, The Scent Keeper explores the provocative beauty of scent, the way it can reveal hidden truths, lead us to the person we seek, and even help us find our way back home.

Life is rewarding for Samuel Truelove. He's a gifted surgeon, he's married to the love of his life, and he has a beautiful daughter. But when he's called to perform an emergency surgery, a deadly cascade of events is set in motion, and his picture-perfect life begins to unravel... Annie Truelove, hoping to escape painful reminders of her grief, leaves her beloved home in the mountains of North Carolina and begins a new life in faraway Seattle. But a disturbing headline takes her back home, where memories of both joy and sorrow come flooding back. What will it take to heal two broken hearts?

Rain is elemental, mysterious, precious, destructive. It is the subject of countless poems and paintings; the top of the weather report; the source of the world's water. Yet this is the first book to tell the story of rain. Cynthia Barnett's Rain begins four billion years ago with the torrents that filled the oceans, and builds to the storms of climate change. It weaves together science—the true shape of a raindrop, the mysteries of frog and fish rains—with the human story of our ambition to control rain, from ancient rain dances to the 2,203 miles of levees that attempt to straitjacket the Mississippi River. It offers a glimpse of our "founding forecaster", Thomas Jefferson, who measured every drizzle long before modern meteorology. Two centuries later, rainy skies would help inspire Morrissey 's mopes and Kurt Cobain 's grunge. Rain is also a travelogue, taking readers to Scotland to tell the surprising story of the mackintosh raincoat, and to India, where villagers extract the scent of rain from the monsoon-drenched earth and turn it into perfume. Now, after thousands of years spent praying for rain or worshipping it, burning witches at the stake to stop rain or sacrificing small children to bring it, mocking rain with irrigated agriculture and cities built in floodplains, even trying to blast rain out of the sky with mortars meant for war, humanity has finally managed to change the rain. Only not in ways we intended. As climate change upends rainfall patterns and unleashes increasingly severe storms and drought, Barnett shows rain to be a unifying force in a fractured world. Too much and not nearly enough, rain is a conversation we share, and this is a book for everyone who has ever experienced it.

The book of Job is often discussed as a theodicy ? an attempt to ?justify the ways of God to man.? In this remarkably rereading of Job J. Gerald Janzen brings new light to this familiar account, showing instead that God invites Job to give up the traditional Deuteronomic logic of reward-punishment for a life-affirming strategy of risk-reward. From this perspective, affirmation of life in the face of all its vulnerabilities is the path to true participation in the mystery of existence. / Drawing on a recent study of the thematics of the ?east wind? in the Bible (the ?whirlwind? in Job), Janzen proposes that the prominence God gives to rain in Job 38, with its renewal of the parched earth and the ensuing vigor of all forms of life, signals God's response to Job's thirst, heals Job's bitterness, and restores him to a life at the end of which he dies contented. Janzen demonstrates how life-crippling bitterness is transcended and hope in life's worthwhileness is restored in the face of grievous evil. The resolution of the Joban question lies, therefore, not in the usual interpretation of a vindication of divine justice, but rather in God's renewal of Job's appetite for life. / Janzen underscores this interpretation with a candid epilogue on his own struggle with aggressive prostate cancer, which enabled him to connect personally with Job and to find a fresh and illuminating grace. At the Scent of Water will be useful not only to provide a greater understanding of the book of Job in classrooms and on pastor's bookshelves, but also in the hands of any reader who has dealt with pain or doubt.

Newly married bride Laura Wainwright tries her best to settle into life at her husband's oppressive family manor despite his strange family, but when a series of "incidents" endanger her life she must discover what secrets the family is hiding.
