Featured on NPR and PBS's SciTech Now, and in Fast Company, Forbes, and the Wall Street Journal The inside story of the new race to conquer space For the outsize personalities staking their fortunes on spaceships, the new race to explore space could be a dead end, a lucrative opportunity—or the key to humanity's survival. Elon Musk and Jeff Bezos take center stage in this fast-paced narrative as they attempt to disrupt the space economy and feed their own egos. We meet a supporting cast of equally fascinating entrepreneurs, from the irrepressible British mogul Richard Branson to the satellite internet visionary Greg Wyler. Tim Fernholz's fly-on-the-wall reporting captures an industry in the midst of disruption. NASA seeks to preserve its ambitious space program, traditional aerospace firms like Boeing and Lockheed Martin scramble to adapt to new competitors, lobbyists tussle over public funds, and lawmakers try to prevent this new space race from sparking global conflict. Fernholz spins this high-stakes marathon into a riveting tale of rivalry and survival.

Look at the future of persecution. One day soon the only refuge for the faithful may be Space. Follow a desperate couple fighting isolation and equipment malfunction to pilot a gas-collecting balloon ship to the outer planets. Michael, crown prince of the Space Empire hopes to save his people from external attack with an internal rebellion and a battle cruiser like no other. His plans are shaken by a forbidden romance, political turmoil, and the discovery of Earth's Fourth Empire. Michael and his best friend Randolph might save or shatter the Space Empire's last hope for the future.

"A powerful, enraging, tear-jerking reminder of how so few Americans have sacrificed so much during the so-called 'war on terror'. the best kind of war book." - Alex Kershaw, author of *The Bedford Boys* and *Escape from the Deep* "Through the voices and experiences of five very diverse members of the Virginia National Guard, *As You Were* gives the great majority of Americans who have not been sent to war a sense of the experiences of our citizen-soldiers and the family, employment, and health problems they face reentering American society after experiencing combat." - David R. Segal, Director, Center for Research on Military Organization, University of Maryland "A sad, stirring, sometimes maddening story. Christian Davenport writes not so much about combat, but rather the home front-the struggles of the families left behind while their providers go off to war and of the soldiers themselves as they stagger back to a civilian world that declines to reward, or even betrays, their sacrifice." - Fred Kaplan, "War Stories" columnist, *Slate*; author of *Daydream Believers: How a Few Grand Ideas Wrecked American Power*

The author of *The Case for Mars* provides an insider's look at the future of space exploration and travel, examining the true potential for human expeditions into outer space, the prospects for colonization of the outer planets of the solar system, and their implications for the future of humankind.
