Gathering watercress by the side of the road brings a girl closer to her family's Chinese Heritage. Driving through Ohio in an old Pontiac, a young girl's parents stop suddenly when they spot watercress growing wild in a ditch by the side of the road. Grabbing an old paper bag and some rusty scissors, the whole family wades into the muck to collect as much of the muddy, snail covered watercress as they can. At first, she's embarrassed. Why can't her family get food from the grocery store? But when her mother shares a story of her family's time in China, the girl learns to appreciate the fresh food they foraged. Together, they make a new memory of watercress. Andrea Wang tells a moving autobiographical story of a child of immigrants discovering and connecting with her heritage, illustrated by award winning author and artist Jason Chin, working in an entirely new style, inspired by Chinese painting techniques. An author's note in the back shares Andrea's childhood experience with her parents. A Junior Library Guild Gold Standard Selection!

Embarrassed about gathering watercress from a roadside ditch, a girl learns to appreciate her Chinese heritage after learning why the plant is so important to her parents.

This rattling good yarn has now been made into a major movie: Hunt For the Wilderpeople, directed and written by Taika Waititi, and starring Sam Neill and Julian Dennison. When Social Welfare threatens to put Ricky into care, the overweight Maori boy and cantankerous Uncle Hec flee into the remote and rugged Ureweras. The impassable bush serves up perilous adventures, forcing the pair of misfits to use all their skills to survive hunger, wild pigs and the vagaries of the weather. Worse still are the authorities, determined to bring Ricky and Uncle Hec to justice. But despite the difficulties of life on the run, a bond of trust and love blossoms between the world-weary man and his withdrawn side-kick.

That debonair Man from C.A.M.P., Jackie Holmes, is back once more! This time the crusader for gay justice is thrown into the most fracturingly funny escapade of his career, being joined by an unbelievably incompetent household of characters, who go by the code name of WATERCRESS, and who insist on helping him with his (barely) dangerous mission. And in process we encounter the antics of such individuals as the straightlaced CIA agent, Craig Mathews, Aunt Lily, Aunt Nasturtia, Aunt Marigold, Honeysuckle the pianist, the gigantic Gladiola, and the very strange Nick. Of course, Jackie always winds up on top in the end. Sounds like business as usual for this ever-C.A.M.P.-ish series! First publication in 45 years.

Stories about children are not always for children. In *The Watercress Girl*, H. E. Bates masterfully depicts a childhood which, by proxy, reveals the mystifying world of the adult. Through a series of short, lyrical stories, the complexities of the world are seen with crystalline purity through the eyes of children. We experience the joyous and painful clarity of youth, full of fears, hopes and make-believe, and the trust and mistrust of the adult world. A little boy, charmed by the golden-throated Miss Mortenson, witnesses her fall from grace in 'The Pemberton Thrush'. Three children become entangled in a forbidden love when they witness a man attempting suicide in 'A Great Day for Bonzo', and a father reveals more of his past than he intends to in 'The Far Distant Journey'. First published in 1959, *The Watercress Girl* is a rich collection of stories, exploring a world full of wonder but also of unease; an unease of not yet understanding the world or being fully part of it.

On a blazing hot day in late August 1914, 12 year-old Mattie dances in the stream, spraying her little sister Evie with silvery showers of water. They have come here to cool off and to pick watercress for tea. They are unaware that their idyllic childhood in Suffolk is almost at an end, for as their mother says, "all the world's gone mad . . ." The girls will grow up to lead very different lives. Mattie is destined to travel far from home and to found a dynasty of strong-minded women like herself. Evie, in the role of family carer, still achieves a satisfying career. But will the two sisters be reunited and a secret resolved?

Spirited and beautiful Annie Flanagan's reckless ambition takes her from the Hackney watercress beds to dancing at the Folies-Bergere in Paris. When she disappears, leaving her illegitimate son behind, her friend Hettie Bundy sets out to find her. Secrets are revealed and both their lives are put in danger."
