Manchester United 'fear Paul Pogba will run down contract'

The France international recently said that he had not yet received any "concrete proposals" from Ole Gunnar Solskjaer's side over a new contract in Manchester. Pogba, who is currently ...

This book is the first in this series of Norwegian migrations to the United States. This book will cover the first migration to America through Iceland and Greenland; the next one will cover the migration to America through Holland, England, and Normandy. Finally, the third book will cover the last migration to America, when half of the Norwegian population left for the new world.

Jebediah has a secret that will change his world forever and send his people into space. The Amish world of Alabaster calls upon an ancient promise to escape destruction. They end up on a cargo ship bound for the stars. But they are not the only cargo on board. Some of it is alive... or used to be. Now, with vampires taking over and closing in on the Amish refugees, these simple believers must decide whether their faith depends upon their honored traditions or something even older.

Written around 1245 by an unknown author, the Laxdaela Saga is an extraordinary tale of conflicting kinships and passionate love, and one of the most compelling works of Icelandic literature. Covering 150 years in the lives of the inhabitants of the community of Laxriverdale, the saga focuses primarily upon the story of Gudrun Osvif's-daughter: a proud, beautiful, vain and desirable figure, who is forced into an unhappy marriage and destroys the only man she has truly loved - her husband's best friend. A moving tale of murder and sacrifice, romance and regret, the Laxdaela Saga is also a fascinating insight into an era of radical change - a time when the Age of Chivalry was at its fullest flower in continental Europe, and the Christian faith was making its impact felt upon the Viking world.

Working from the Poetic Edda, the Prose Edda, and Old Norse prose narratives and laws, Jenny Jochens argues for an underlying cultural continuum of a pagan pantheon and a set of heroic figures shared by the Germanic tribes in Europe, Britain, Scandinavia, and Iceland from A.D. 500 to 1500. Old Norse Images of Women explores the female half of this legacy, which involves images both divine and human. In a society marked by sharp gender divisions, women were frequently portrayed as one of four conventional types. The warrior woman was exemplified by the valkyrie, sheildmaiden, or maiden king. The wise woman was a prophetess or sorceress. The avenger is best seen in Gudrun, whose focus of revenge shifted from husband to brothers. Last, there were the whetters or inciters, who appear both in the Continental setting as Brynhildr and as ubiquitous figures in medieval Icelandic literature, ranging from Norwegian queens to humble milkmaids.
