Allegiance is Shapiro's ham-fisted attempt at an action-packed political thriller. It may have heroes and villains duking it out for the sanctity of the country, but it meanders through five interconnected stories plagued by two-dimensional characters, bizarre conspiracy theories of current political groups, and tons of misguided or ambiguous allegories meant to represent his distorted worldviews.

It's definitely all of those things, but that's not why True Allegiance is so bad. The novel reads like it was penned by a teenager posting chapters on their WordPress blog in the early 2000s, right down to references to Baby One More Time and Saddam Hussein's secret stash of nuclear weapons. Ben Shapiro's writing is atrocious.

Now a #1 New York Times Bestseller. Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California–Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western

civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In *The Right Side of History*, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good,.

Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro, a recent UCLA graduate, syndicated columnist, and one of today's most exciting

new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth." ?Ann Coulter, best-selling author of High Crimes and Misdemeanors, Slander, and Treason "In Brainwashed, Shapiro tells the truth?that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for." ?Michael Barone, U.S. News & World report and co-author of The Almanac of American Politics "Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" ?Michelle Malkin, nationally syndicated columnist and author of Invasion "Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." ?Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host

Project President is a hilarious romp through American electoral history. From short, fat, bald John Adams' wig-throwing tantrums during the 1800 election to Abraham Lincoln's decision to grow a beard in 1860; from John F. Kennedy's choice to forgo the fedora at his inauguration to John Kerry's decision to get Botoxed for the 2004 race; from the Golden Age of Facial Hair (1860-1912) to the Age of the Banker (1912-1960); from Washington's false teeth to George W. Bush's workout regimen, Project President tells the story of America's love affair with presidential looks and appearance, why that often matters more than a politico's positions on the issues, and what might well be coming next. "I'm constantly citing the power of dress. It's semiology: our clothes send a message about how we want to be perceived, and where is this more powerful and evident than in elected offices. In Project President, Ben Shapiro captures presidential semiotics with a potent narrative and deft analysis. It's simultaneously fascinating and hilarious!" -Tim Gunn Project Runway, Liz Claiborne, Inc. "Ben Shapiro takes a romp through American history and shows how personality--and even haircuts--have elected or defeated presidential candidates. It's a tour through history that fans of both parties will enjoy--and can learn from." -Michael Barone Resident scholar, American Enterprise Institute Senior Writer, U.S. News & World Report Co-author, The Almanac of American Politics "Presidential politics has always been more superficial than we'd like to admit. With a stylish and likeable touch befitting a strong candidate, Ben Shapiro takes us deep into the shallowness that has shaped American history." -Jonathan Alter Newsweek "Shapiro deftly explains how height, hair and handsomeness can affect a candidate's campaign as much as issues. A fun, informative read." -Glenn Beck Nationally syndicated talk show host Host of CNN's The Glenn Beck Show "A hilarious and illuminating journey through America's centuries-long fascination with presidential image-making. Whether you're left, right, moderate or

Bookmark File PDF True Allegiance Ben Shapiro

apathetic, this lively book will get you ready for the packaging of the '08 races." -Jim Hightower "This is a perceptive, witty-sometimes hilarious-look at the realities behind the faces and the facades, the slogans and the character assassinations, of each presidential campaign from George Washington to today - with much for us to ponder for tomorrow." -Sir Martin Gilbert Official biographer of Winston Churchill "An entertaining and illuminating romp through the politics of symbolism and personality in our presidential politics. If you're thinking of running for president, read this book before you spend a dime on a political consultant." -Rich Lowry National Review COLMES: Who do you want [for the Supreme Court]? ANN COULTER: Thank you for asking. I want Ben Shapiro. COLMES: Ben Shapiro. ANN COULTER: Yes. He just finished his first year at Harvard Law, 21 years old. COLMES: You mean for a date or for the court? ANN COULTER: No, for the court. He's my candidate. He's very bright. He's already written one best-selling book. (CROSSTALK) COLMES: You want to put a 21-year-old guy on the court? ANN COULTER: Twenty-one, and he's just finished first year of Harvard Law. COLMES: So you want someone who's going to be on the court for 50, 60 years? Is that - is that the whole idea? ANN COULTER: No, I just happen to like Ben Shapiro. Hannity and Colmes Fox News Channel July 8, 2005

"From the editor-at-large of Breitbart.com, a timely and compelling look at how liberals use bullying toward their opponents on today's top political issues"--

A lot has changed since 2015, and Ben Shapiro has something to say about it. In this curated sequel to "Facts Don't Care About Your Feelings," Shapiro breaks down American politics from 2015 to today like you've never seen before. Review political dog fights and the Democrats' radicalism problem through a poignant lens. Analyze the novel coronavirus and its economic implications through a

perspective too often stamped out by the mainstream media. Explore the absurdities of “anti-racism,” “mostly peaceful” protests and other leftist attempts to rewrite America. And discover pieces of the American identity—unity, free speech, capitalism and so much more—we have lost in the mayhem.

A growing number of Americans want to tear down what it’s taken us 250 years to build—and they’ll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can’t agree on what makes America special. We can’t even agree that America is special. We’re coming to the point that we can’t even agree what the word America itself means. “Disintegrationists” say we’re stronger together, but their assault on America’s history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn’s *A People’s History of the United States* to the *New York Times*’ 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America’s culture of rights as a façade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional “unionist” understanding that all Americans are united in a shared striving toward the perfection of universal ideals. *How to Destroy America in Three Easy Steps* shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don’t recover these

Bookmark File PDF True Allegiance Ben Shapiro

shared truths, our future—our union—as a great country is threatened with destruction.

From the USA Today–bestselling authors of *Stand Your Ground* comes the explosive story of a liberal college under siege—and freedom under fire. Former Army Ranger Jake Rivers is not your typical Kelton College student. He is not spoiled, coddled, or ultra-lib like his classmates who sneer at the “soldier boy.” But regardless of his differences with the rest of the student body, he needs an education. And when terror strikes, the school needs Jake. Without warning, the sounds of gunfire plunge the campus into a battle zone. A violent gang of marauders invade the main hall, taking students hostage for ransom. As a veteran and patriot, Jake won’t give in to their demands. But to fight back, he needs to enlist his fellow classmates and school them in the not-so-liberal art of war. This time, the aggression isn’t “micro.” It’s life or death. And only the strong survive.
