Set in Karpov Kinrade's USA Today bestselling Vampire Girl universe, comes a standalone story that will leave you wanting more.***A thirst like I've never before experienced wakes me from a deep sleep full of vaguely haunting dreams. When I peel my eyes open enough to take stock of where I am, I realize three things at once: I'm in a bed not my own, there is a stranger's arm draped around me, and... we are both naked. Oh, and there's a brand new wedding ring on my left index finger. This is how my day starts. In a Las Vegas hotel room, married to a stranger I don't remember meeting. So cliché, right? What's worse is that I'm a highly respected librarian in Las Vegas, not some drunken tourist. That would all be bad enough... until I find out the worst part. I've been turned into a vampire, and some other really evil vampires want me dead. I guess the honeymoon will have to wait. If we even stay married. First, though, we have to stay alive.***Read all the books in the Vampire Girl Universe

You think the only threat is other humans. It's not. Monsters are real. Demons are real. Vampires are real. And I'm about to become one of them. My name is Arianna Spero. But there's a way to save her. There's something the princes of hell want more than my mother. Me. So I signed my soul away and promised to pick a prince to marry. I would take the blood oath, become one of them, and give them an heir. I would become a princess of hell, and my mother would live. I expected fire and brimstone. I expected pain and misery. I didn't expect beauty. I didn't expect magic. I didn't expect love. But the princes are keeping secrets from me. Secrets that could shatter everything.

Set in the same world as Faith Hunter's New York Times bestselling Jane Yellowrock novels, the third, thrilling Soulwood novel stars Nell Ingram, who draws her powers from deep within the earth. Nell Ingram has always known she was different. Since she was a child, she's been able to feel and channel ancient powers from deep within the earth. When she met Jane Yellowrock, her entire life changed, and she was recruited into PsyLED—the Homeland Security division that polices paranormals. But now her newly formed unit is about to take on its toughest case yet. A powerful senator barely survives an assassination attempt that leaves many others dead—and the house he was visiting burns to the ground. Invisible to security cameras, the assassin literally disappears, and Nell's team is called in. As they track a killer they know is more-or-less-than human, they unravel a web of dark intrigue and malevolent motives that tests them to their limits and beyond.

I'm in a bit of a pickle, but I've got it all sorted out. Honestly. No problemo. But my new powers are kicking in, Elias is in danger... only he doesn't know it, and a village full of innocent people is in major trouble. If only a Watcher could clone herself, #amiright? No worries, I am on the case. I won't let you down. Or them. And you won't want to miss what happens next in the Vampire Girl adventures.

Someone wants me to fail. I'll need to go to hell and back to prove them wrong. Fight a powerful witch along the way. Uncover the identity of whoever keeps messing with me.
