In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett 's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it 's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today 's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials: " An erudite masterpiece..." – Lawrence A. Cunningham, author, professor and director, Quality Shareholders Initiative, George Washington University " It 's another must-read..." – Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, Saudi America and co-author The Smartest Guys in the Room " Pure Genius! This is a game changer in investment books..." – Robert P. Miles, author, Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, "The Genius of Warren Buffett" " Effervescence and thoughtful analysis of Buffett 's life and work..." – Tom Gayner, Co-chief Executive Officer, Markel Corporation " Hagstrom 's books always enable readers to think about the world in new ways..." – Tren Griffin, author, Charlie Munger: The Complete Investor

The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.

The son of legendary investor Warren Buffet relates how he set out to help nearly a billion individuals who lack basic food security through his passion of farming, in forty stories of lessons learned.

Analyzes the principles of stock selection and various approaches to investing, and compares the patterns and behavior of specific securities under diverse economic conditions

Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. Starting from scratch, simply by picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century—an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett 's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett 's investment strategy—a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces—and shows how it is a reflection of his inner self.
