The nine stories and one poem collected in this volume formed the basis for the astonishingly original film “Short Cuts” directed by Robert Altman. Collected altogether in this volume, these stories form a searing and indelible portrait of American innocence and loss. From the collections *Will You Please Be Quiet, Please?*, *Where I’m Calling From*, *What We Talk About When We Talk About Love*, and *A New Path to the Waterfall*; including an introduction by Robert Altman. With deadpan humor and enormous tenderness, this is the work of “one of the true contemporary masters” (*The New York Review of Books*).

From the author-illustrator team who brought you *The Invisible Boy* comes the story of a boy who won't stop talking--until he gets laryngitis. You don't have to be a chatterbox to appreciate this tale of listening and learning. Owen McPhee doesn't just like to talk, he LOVES to talk. He spends every waking minute chattering away at his teachers, his classmates, his parents, his dog, and even himself. But all that talking can get in the way of listening. And when Owen wakes up with a bad case of laryngitis, it gives him a much-needed opportunity to hear what others have to say. From the author-illustrator team behind *The Invisible Boy* comes a bright and lively picture book that captures the social dynamics of a busy classroom while delivering a gentle message about the importance of listening.

Raymond Carver’s third collection of stories, a finalist for the Pulitzer Prize, including the canonical titular story about blindness and learning to enter the very different world of another. These twelve stories mark a turning point in Carver’s work and “overflow with the danger, excitement, mystery and possibility of life. . . . Carver is a writer of astonishing compassion and honesty. . . . his eye set only on describing and revealing the world as he sees it. His eye is so clear, it almost breaks your heart” (*Jonathan Yardley, Washington Post Book World*).

The first biography of america’s best-known short story writer of the late twentieth century. The London Times called Raymond Carver "the American Chekhov." The beloved, mischievous, but more modest short-story writer and poet thought of himself as "a lucky man" whose renunciation of alcohol allowed him to live "ten years longer than I or anyone expected." In that last decade, Carver became the leading figure in a resurgence of the short story. Readers embraced his precise, sad, often funny and poignant tales of ordinary people and their troubles: poverty, drunkenness, embittered marriages, difficulties brought on by neglect rather than intent. Since Carver died in 1988 at age fifty, his legacy has been mythologized by admirers and tainted by controversy over a zealous editor’s shaping of his first two story collections. Carol Sklenicka penetrates the myths and controversies. Her decade-long search of archives across the United States and her extensive interviews with Carver’s relatives, friends, and colleagues have enabled her to write the definitive story of the iconic literary figure. Laced with the voices of people who knew Carver intimately, her biography offers a fresh appreciation of his work and an unbiased, vivid portrait of the writer.
